**J. C. Castleman**  
Sept. 10, 1872 — Oct. 22, 1949

"They're mine, all mine," and his voice is low,  
"Yes, mine to the youngest one";  
As he fondly watches you come and go  
In the changing shadows and sun;  
And his eyes grow bright with unshed tears  
As his great heart swells with pride,  
And I see in their gleam his love for you  
As wide as the sea is wide.

"Yes, really mine," he softly repeats,  
"If not of my flesh a part,  
Yet are they as dear as life to me  
These children of my heart";  
And a smile steals over his kindly face  
And lights it high with joy,  
And I know he is counting you over again  
Each one his girl, his boy.

Oh friends, if I could tell of all  
The love he had for you,  
How boundless it was in its mighty sweep,  
How warm and sweet and true;  
Then would you know, as you think of him  
In his home beyond the sky,  
That even now he is smiling at you  
As he did at his last good-by.

Alvin E. Westgaard, Principal

The people we meet as we go through life are consciously or unconsciously judged by each of us according to their dispositions and personalities.

Likewise organizations and institutions are judged by their characters. Any visitor who enters our school need not be with us long before he gets the "feel" or "temperament" of the school. It might be one reflecting a coercive, unresponsive languid attitude; or perhaps one radiating purposeful, cooperative, dynamic participation and understanding.

Each of us helps build the tempo of the school — an atmosphere better known as "School Spirit." The seriousness with which you take part in your class activities, extra curricular opportunities, club activity advantages and school service privileges determines the true value of our school. A school which enjoys an enthusiastic, interested, loyal, purposeful faculty and student body is destined to make important contributions to all persons who share in the experience program of that school.

All those of us who value our advantages at Pulaski High School possess a reverent yearning to support and build the Pulaski School Spirit — a Spirit founded on Earnest Effort, Friendly Co-operative Action, Respect for One Another, and Service for Mutual Self Improvement.

—A. E. Westgaard

William F. Tiernan, Acting Vice-Principal

One of the primary objectives of education is to prepare young people for a fuller life. Here at Pulaski, we have all the facilities necessary to assist us in attaining these goals. As individuals we must have the drive and ambition to take advantage of all the valuable opportunities our school affords. Day by day we should strive to build character, acquire knowledge and develop skills. By constantly improving ourselves, we can contribute much toward making this world a better and happier place in which to live. Students of Pulaski, meet that challenge and go ever forward. Yours is the opportunity.

Back to school — but isn't this peaceful beauty worth it?

With its strong walls and towering majesty  
it will live forever in our minds and hearts.

## CROSS COUNTRY

There were no major letter winners returning from the previous cross-country season, so Coach Kezele had to build his harrier squad from green material. The small turnout for the sport, plus illness and injury to at least one of the better boys in each meet, hampered his efforts considerably. West Division High School and Cudahy were beaten by the locals, but in other dual meets they didn't fare too well. In the City Cross-Country Meet the squad placed eighth, and in the State Meet they placed thirteenth. There were no major letter winners for the season. Minor letters were awarded to: Fred Kuester, Luke Gabrovic, Ralph Bogacki, Donald Miller, Ronald Kalupa, Robert Gutsch, Lee Monahan. Frosh-Soph numerals were awarded to Richard Shick, who started practice late in the season. He came along rapidly to do a fine job. He is expected to be one of the outstanding runners next year.

FOOTBALL 1949

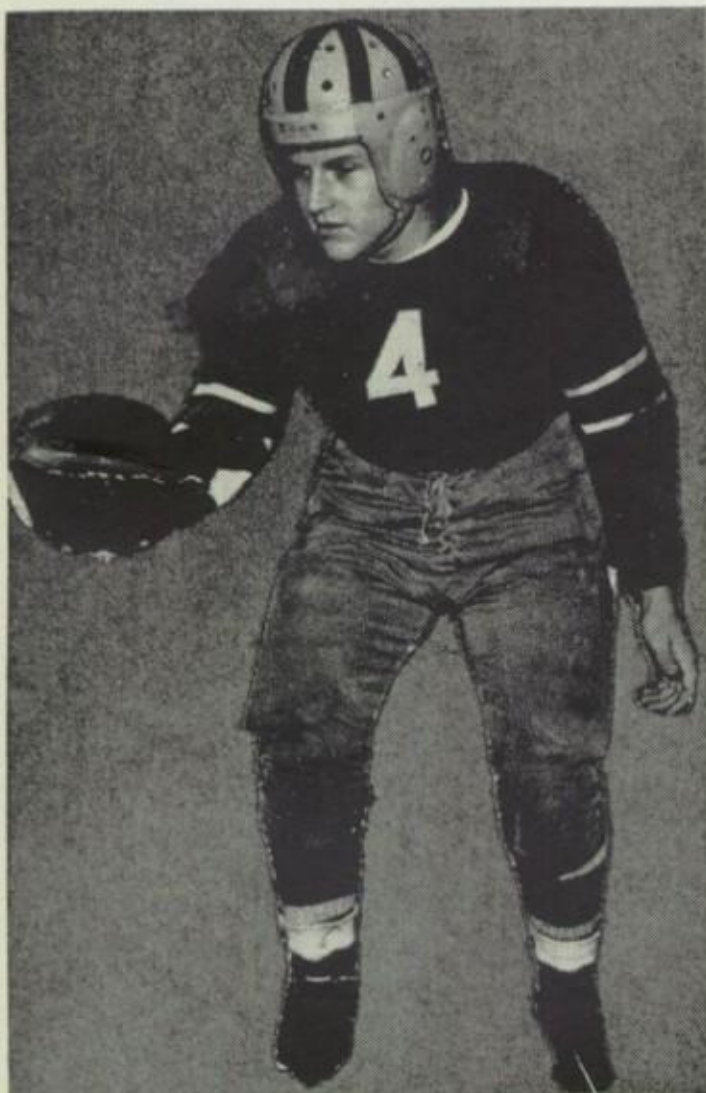

## UNDEFEATED

All hail the victors! Pulaski, for the first time, won the city championship. After only seven years in the city conference, Coaches Gene Wozny, Harry Max, and Al Thurner produced a rugged, hard hitting team. With the excellent material returning from last season, and a victorious frosh-soph, a top notch team was produced. Eight returning major letter winners and fourteen minor letter winners got right down to the business of becoming champions.

In their first encounter, the Ramblers pulled a big upset by overpowering a favored Washington team, 19-0. Big Neil Worden was the sparkplug, scoring all three touchdowns. He sparked the team by intercepting a pass on the Purgold 40 and running it to the 50. Within five plays he scored. Worden scored again over center in the last half.

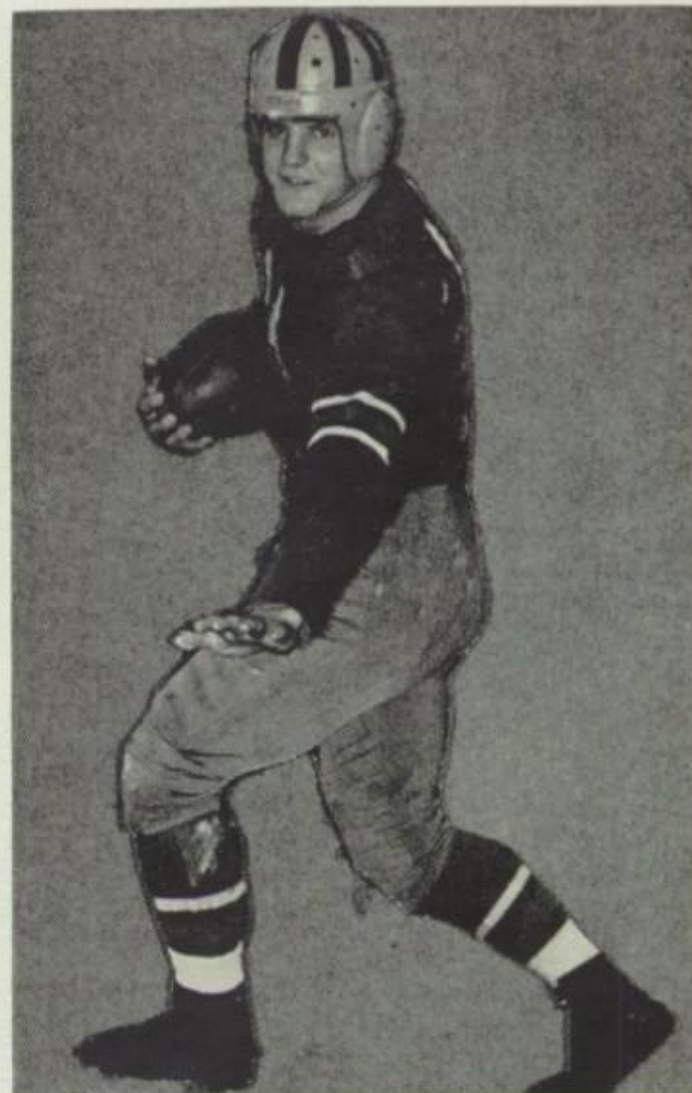

The Oklahoma Avenue boys punched East Side's defense to pieces for a 28 to 7 victory. Fred Reichert broke away through right tackle and put on a terrific burst of speed to outrun all East siders for a 75 yard touchdown. Bob Grollo, defensive right half-back, was injured and out for the rest of the season.

The Boilermakers from Tech proved to be worthy opponents. Tech held the Ramblers to a 3 to 0 edge until a 46 yard pass broke up the game. In the opening play of the fourth quarter, Worden teamed up with Kosmatka on a pass for a 7 to 3 victory over Tech.

## THE TEAM KEEPS ROLLING

South Division had fight and determination, but couldn't match Pulaski in class. Evers, a Cardinal back, ran back a 90 yard kickoff for a lone score which did not help. The final score was 34-7.

A fighting Lincoln team gave our Ramblers a scare by taking a 7 to 0 first quarter lead, but the Woznymen showed that class will tell and ran up an eventual 28 to 7 victory. Gene Chrostowski pulled a ligament and was on the bench for two games.

The Ramblers were not up to standards in their game with King. Nevertheless, a first quarter pass from Kosmatka to Molenda, and a 15 yard field goal in the third quarter gave the Woznymen a 10-0 victory. Worden's 93 yard touchdown run was recalled because the backfield was in motion.

Juneau received a sound thumping from the galloping Ramblers. This rainy Saturday afternoon produced a muddy field, but it did not prevent the boys from gaining a high score of 63-0.

## CITY CHAMPIONS!

A record crowd of 19,500 spectators witnessed the much publicized finale of the 1949 football season between two undefeated teams, the Ramblers and the neighboring Redcats of Bay View.

The running of Neil Worden and Don Molenda and the passing of Jack Kosmatka was nothing short of sensational. When the gun sounded, the score was 30-0 in our favor, proclaiming Pulaski High School the City Champions—undefeated and untied, and holding on

to most of the individual and team honors for the conference.

Gene Chrostowski, guard, James Pasterski, tackle, Dave Burdon, center, Don Molenda, back, Neil Worden, back, and Jack Kosmatka, five foot, three inch back, were elected to the All-City team.

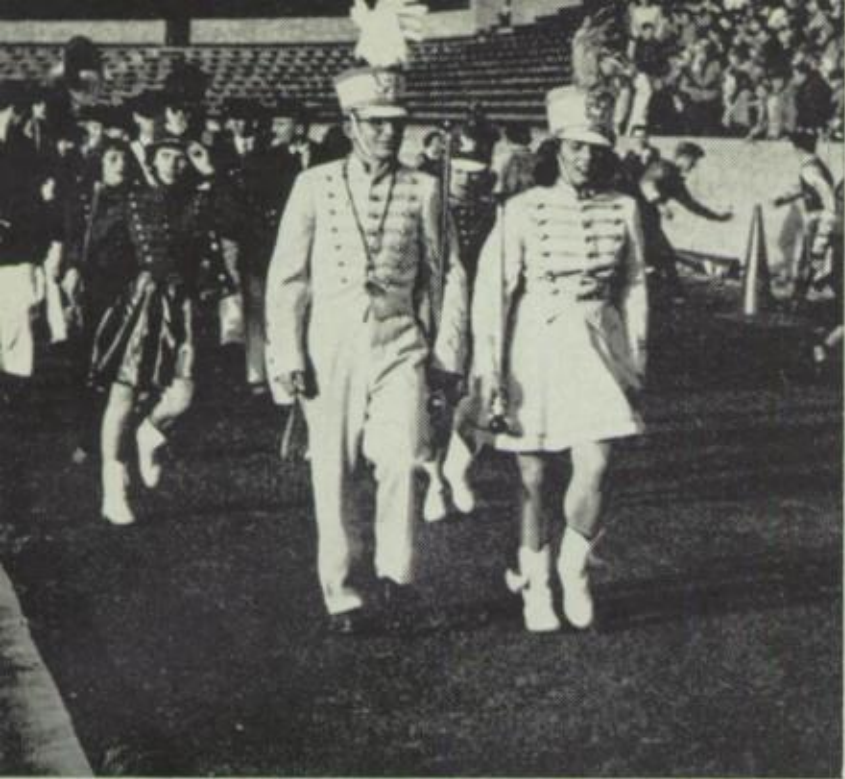

Neil Worden was elected All-state fullback and gained Honorable Mention as All American High School back. Neil, a five foot, eleven inch 195 pounder, is known to be the best back the city has seen in many years.

## FROSH-SOPH FOOTBALL

Some seventy-five odd boys answered Coach Litzow's call for football candidates. They were odd, they were small, high spirited fellows, and big burly fellows, but the majority were around the small mark. Small as they were, they had the right kind of spirit for a good team.

Coach Litzow, with the able assistance of Mr. Calabresa and student coach Bob Kolp, wove together a bunch of greenies into a football team.

After weeks of practice the Frosh-Soph was ready to take on Boys' Tech away from home. Getting off to a slow start, the Ramblers gave up two touchdowns in the early minutes of the game. This proved fatal. The final score was Tech 12, Pulaski 0.

The Ramblers' next game was against Bay View, and Pulaski came out the winner. It was nip and tuck all the way until the last quarter when Gene Dixon completed a pass to Dennis Korytkowski for a T.D. The score ended up 12-6 in our favor. Standouts of the game were Bob Schweiger, Larry Haberman, Don Sommers, Don Hanrahan.

The following week the Frosh-Soph lost a heartbreaker to Lincoln in the last few plays of the game. The score was Lincoln 7, Pulaski 0. The Frosh-Soph closed the season by defeating Juneau 19-0. Outstanding men of the game were Dick Gorski, Paul Scharmach, Don Sommers, Frank Worda, Bob Schweiger. Pulaski's season record was 3 wins against 2 setbacks.

*First Row: Scharmach, Verhagen, Dixon. Second Row: Woida. Third Row: Wegner, Schweiger, Hanrahan, Haberman, La Marche, Callies, Korytkowski.*

## PEP RALLY

The football season of 1949 was highlighted by eight pep rallies, the most outstanding of which was the Homecoming Rally. This rally was held in our gymnasium the day before the Ramblers played their homecoming game with Tech.

The attendance was enormous, as the entire student body and faculty were present. The rally consisted of speeches from some of the faculty and students, a few skits, cheers and the school song. The rally proved to be a rousing success.

It was rallies like this one and the splendid school spirit we exhibited at each game which brought about the long anticipated, much deserved title of Football Champions of the City High School Conference.

## CHEERLEADERS

The cheerleading squad consists of two boys and four girls: Jimmy Zielinski, Robert Neuman, Mary Ann Muschinski, Janet Martens, Irene Golos, and Vilma Kovach (Captain).

The squad is expected to attend all football and basketball games to lead the crowds in cheering our school to victory. As the football season started out with one victory following the other, the crowds were greatly enthused, so the attendance at all games was tremendous. The school spirit our student body displayed was greatly appreciated by the cheerleaders and helped make their job easier. With the help of our cheerleaders in our sports activities in 1949-50, our school won many games and made a great name for itself in the City Football Conference.

Top Row: Janet Martens, Irene Golos. Boys From Left to Right: Robert Neumann, James Zielinski. Bottom Row: Vilma Kovach, Mary Ann Muschinski.

## PEP BAND

The Pep Band livens up our pep rallies, basketball games, and auditorium programs.

It is directed by a student, Robert Selbo, and supervised by Mr. Hillier.

The band is composed of a number of experienced students taken from the senior band.

It really lives up to its name when it comes to boosting the school's morale. In the eyes of every Pulaskian, the Pep Band fully lives up to its name.

## HOMECOMING HOP

October 14 was the day we engaged Tech in our Homecoming game. We were all very happy when Pulaski emerged victorious, 7-3, our first homecoming victory in many years.

In the course of events preceding, we elected Rosalia Parry as Homecoming queen. She chose Neil Worden for her King. The King and Queen reigned at the hop, held on Saturday, October 15. Bobbie Ray's band supplied the music. This being our first Homecoming victory in five years, a large crowd was present at the hop. Due to the victory, everyone celebrated. A very good time was had by all.

Our whole hearted gratitude for the successful events in 1949 was expressed in the Thanksgiving Day Program.

The program was made up of very effective tableau and the singing of hymns by the a cappella choir. The tableau depicted the type of Thanksgiving Day had by the fortunate and less fortunate people. Another, represented the people of foreign lands. One of the most effective tableaux was a representation of the student body, graduates, and our championship football team.

The whole program was narrated by Rose Koss and Bob Kolp. This program left the student body with a feeling of gratitude and thankfulness in their hearts.

## THANKSGIVING PROGRAM

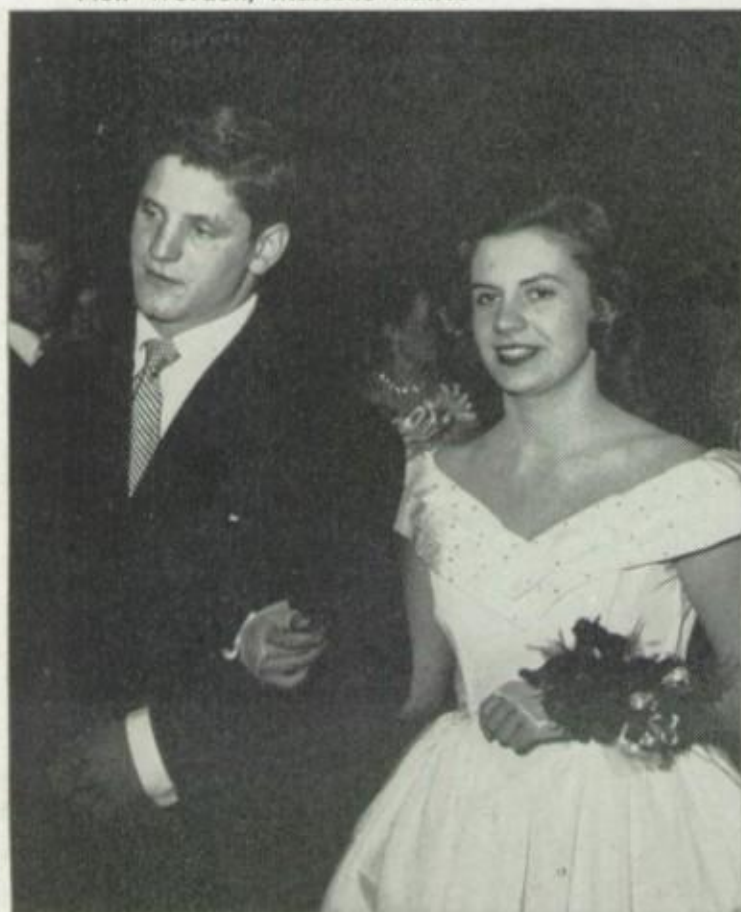

# SENIOR PROM

Queen Marlene Kallas and King Neil Worden led about two hundred couples who climbed "The Stairway to the Stars" at Pulaski's Senior Prom, which was held on December 3, 1949. Miss Lassen and her art class created a Coronation Temple, out of which rose "The Stairway to the Stars." Along the stairway were paper made figures of Grecian Constellations, the milky way, and many stars. The Prom was sponsored by Miss Marie Poundstone and Mr. Edward DeBriac. The "Starry-eyed" couples who attended danced to the heavenly music of Ray Block and his orchestra.

Neil Worden, Marlene Kallas

The member of the 12A court of honor were Marcella Murowski and Edmund Woida, Dora Lee Baum and Robert Kolp, Joyce Barske and Lawrence Antonovich, Sylvia Budzak and David Burdon, Doris Brown and Bill Fiedler.

Barbara Litzau and Norman Hartman, Betty Conrad and Bob Mildbrant, Regina Staniszewski and James Zielinski, Marlene Krueger and Ken Wozniakiewicz and Mae Bell and Edmund Mecikalski were members of the 12B court of honor.

Doris Rechinske, general prom chairman, Donald Roelke, publicity chairman, and the prom committees worked under the direction of the sponsors — Miss Poundstone, and Robert Kolp, class president.

# CLUBS AT WORK

## CAMERA CRAFT

Students interested in photography are eligible to join the Camera Craft Club, meeting Thursdays under the direction of Miss Ruth Manion. One Thursday the entire group meets; the next week a small group works in the dark room. The club is designed to instruct the beginner in the fundamentals of photography.

In the recent club election Jerome Szymanski was elected president, James F. Pasterski vice-president, and Joy Shanks secretary-treasurer.

Members of the club are learning the fundamentals of picture-taking, developing, printing, and enlarging. In the near future plans are being made to enter numerous contests in which members will prepare their own prints up to the final step of mounting.

## HOME ECONOMICS

The main objective of the Home Economics Club, under the direction of Miss Marie Poundstone, is to keep well informed on the newest ideas in Home Economics.

During the first semester of the year the club is very busy working on its biggest project — their Christmas Sale. The proceeds of this sale are used to purchase equipment for the department.

Some of the other projects which the club has undertaken this year are the annual Mothers' Day Tea and making scrapbooks for the Children's Hospital.

The club also engages many well-known speakers who dwell on subjects which are of interest to the members.

## HOME NURSING

The Home Nursing Club is sponsored and paid for by the Red Cross. This club, under the supervision of Mrs. Lewis, meets in two groups. The first group meets on a Tuesday, and the second meets on a Thursday.

The semester consists of two courses. The first course is: "Home Care of Sick," and the second course is: "Mother and Baby Care and Family Health." After completing the two courses each member receives a certificate from each course.

The club's main objectives are: 1. "Personal Readiness to Meet Every Day Problems"; 2. "When Sickness Invades the Home"; and 3. "Understanding Child Growth and Development."

Miss Mohr heads this club.

## LIFE SAVING

In order to improve their technique and knowledge of life saving and swimming, the energetic swimmers of the Life Saving Club have been working hard Tuesdays during the eighth hour. Some of the fundamentals learned in this course are breaks, carries, and approaches. All these are necessary to be fit for life guard duty. There are about sixty boys taking this course, most of whom will be life guards this summer. The Life Saving Club was started about four years ago and has helped many a boy get a good job during the summer months. Any boy with a little swimming ability, and who is willing to work, is welcome to join the club.

## RADIO

The Radio Club is a very excellent organization for boys who are interested in it.

Students who have spare time and like radio work and code — which is needed in jobs like radio operators for the police department or army — hear radio construction talks and movies on similar activities. You may find that many boys that were members of this Club at Pulaski High are now using this experience in earning a living.

Mr. George Winkler is the sponsor of the Radio Club.

## STAGE CRAFT

When the time comes to hand out bouquets, let the unsung heroes behind the scenes — our stage crew — be first in line. It is they, who, in the final analysis, are responsible for a successful production. In their hands rest the failure or success of the Spring Concert, class plays, noon hour entertainments, and special auditorium programs familiar to everyone. On the job all the time, they insure a smooth running, precisely executed program. The "backstage boys" perform their duties silently and efficiently, always eager to please. Such service is always appreciated when time is precious. Take a bow, boys — you really deserve it.

## STRING QUARTETTE

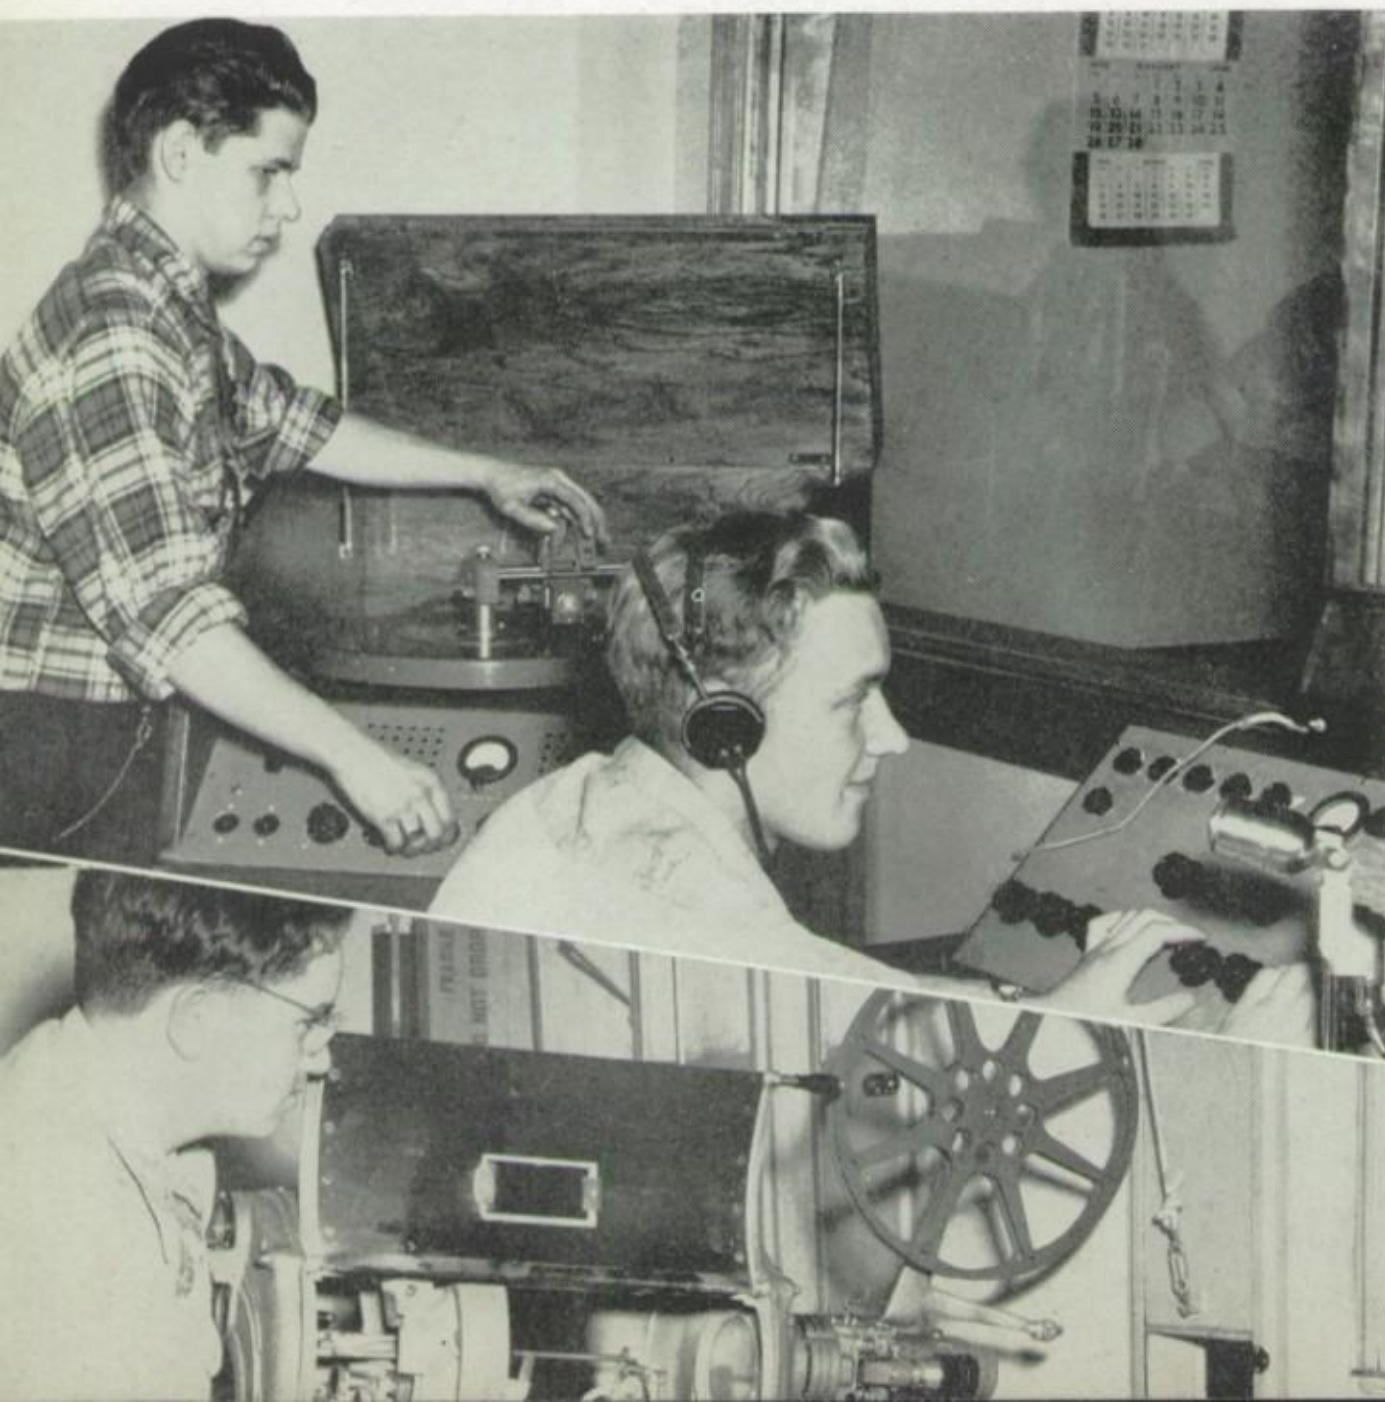

The String Quartette is composed of students with considerable musical experience. The purpose of the organization is to familiarize the students with string music for a quartette which is not played in the orchestra. The four who participated are Marilyn Stein, cello; Rita Korpall, viola; Darlene Krause, violin; and John Marsh, violin. The group is directed by Mr. Niefer. These students specialize in the works of Haydn, Mozart, and Beethoven. This type of music is a distinct form differing from the orchestral type. It opens a new field and demands exceptional skill from each one respectively on his own part. The group plays for noon hour programs and activities outside of school as well.

## ARCHERY CLUB

Who is it that I see yonder there with bow and arrow? Pray tell, is it William Tell or Robin Hood? No, it's just a member of Pulaski's Archery Club sponsored by Coach Weilgosz. The club meets eighth hour once a week, and because of the large enrollment, Wednesday evenings. It's open to both boys and girls. When the weather permits, they set up their targets behind school and practice there. During the year the club went to Madison to compete against other enthusiasts. In the future Pulaski expects to have an official archery team. With this thought in mind Coach Wielgosz cordially invites anyone who has the interest and necessary equipment to join the club next semester.

## AUDIO VISUAL CLUB

The Audio Visual Club is made up of boys working with the P.A. system and the movie projectors. When a boy joins either the P.A. or Projection crew, he automatically becomes a member of the club. The object of the club is to acquaint the boys with the operation of the different pieces of equipment. This insures efficient operation of all school equipment. The members of this club are always working behind the scenes during morning announcements and noon hour movies.

## BLUE MASK CLUB

For those Pulaskians with a feeling for "Drama" the Blue Mask Club has been organized under the direction of Miss Pearl Richards. Dramatic talent is kept alive by this club for advanced speech students who have proved their dramatic ability and have mastered 12B Speech techniques until they achieve as much perfection as is possible for amateurs.

The Blue Mask is one of the oldest organizations at Pulaski having been organized way back in the barrack days where Pulaski dramatic facilities consisted of only the dramatic teachers and the students interested in the stage. From the group many popular and well known amateurs and professional actors have been developed under the professional guidance of Miss Richards.

Second Row: Henry Kowaleski, Robert Banach. First Row: Dorothy Tabaczynski, Gloria Biskupski, Lorraine Plichta.

## FASHION DESIGN CLUB

At the installation of officers and the initiation of new members of the Fashion Club a corsage of carnations was presented to all. The flower, being symbolic of beauty, is the Club's symbol.

The purpose of the Fashion Club goes beyond mere dress design, for back of it all, the main purpose is to inspire such character, manners, and inward and outward poise, so that our school can truly boast of high B.Q.'s (that is Beauty Quotients) as well as high I.Q.'s.

Miss Lassen heads the Fashion Club.

## QUILL AND SCROLL CLUB

Quill and Scroll is the International Honorary Society for High School Journalists. Its purpose is to encourage and reward individual achievement in journalism and its allied fields. Membership in this club has become one of the most coveted awards bestowed on high school journalists.

High school students must meet the following requirements to be eligible for membership in Quill and Scroll: (1) They must be of at least junior standing. (2) They must be in the upper third of their class in general scholastic standing at the time of their election. (3) They must have done superior work in some phase of journalistic or creative endeavor. (4) They must be recommended by the supervisor or by the committee governing publications. (5) They must be approved by the Executive Secretary.

## SPANISH CLUB

Miss Flynn, Pulaski's Spanish teacher, is the sponsor of the Spanish Club. This group is made up of students who are or have at one time taken Spanish. The activities including reading Spanish literature, studying the customs of South America, and holding parties in the Spanish style. Although this may appear as pure enjoyment to the student now, no doubt the knowledge they are gaining will help them in the future. Perhaps they will visit one of these countries of Spanish speaking people, or they may even acquire a job where this knowledge is necessary, or they may profit socially. If neither of these cases holds true, the student will always have enjoyable memories to look back on.

## SQUARE DANCING CLUB

The Square Dancing Club, under the able direction of Mr. George Winkler, is a club which meets two days of each week. The beginning group, which is composed of 50 members of all grade levels, meets every Tuesday. The advanced group, those having had one semester's experience, is composed of 32 members. This group meets in the club-room every Monday.

There are 4 "squares" in this club, each "square" consisting of four couples. Among the many square dances that this club executes are the "Texas Star," the "Swanee River," and "Lady Around the Lady." In addition to square dancing the members are learning to waltz and polka.

Among their many plans the Square Dancing Club is planning to hold a mass square dance in our gymnasium in the near future.

## TOY MAKING CLUB

The Toy Making Club had its second semester of activity for about 25 boys. The purpose of the club was to make toys for The Home for Dependent Children. Money was raised last Christmas by the sale of articles made of Styro-Foam, a new plastic material. The money made was used to buy lumber and materials to make the toys for the children. "Assisting with the Needs of Our Community" was the slogan of the club.

ATHLETIC DIRECTOR K. ROYAL

## ATHLETIC DEPARTMENT

While Pulaski enjoys eminence in city competition and has won several championships, it is proud of its "sports for all" program under the direction of Mr. Royal of the physical education department.

An excellent sports program was maintained throughout the school year at Pulaski. Boys and girls were given every opportunity to exercise athletic skills in either varsity or intramural competition.

The following varsity teams competed with other schools: football, basketball, track, wrestling, swimming, cross-country, tennis, golf, gymnastics, and baseball. Intramural competition was provided in basketball, volleyball, tag football, table tennis, softball, and wrestling.

BASKETBALL COACH W. OLEN

SWIMMING COACH M. WIELGOSZ

## ART DEPARTMENT — Mr. Graves

The purpose of the art department is to awaken, in the students, the joy which comes from creating, and to develop the appreciation of the finer things in life. It develops the knowledge and skill in the handling of various tools and medias.

Some of the commercial advertising is being put to various uses. Many drawings and paintings have set examples of different people in many different lands.

All these things may some day lead the students to draw and paint professionally.

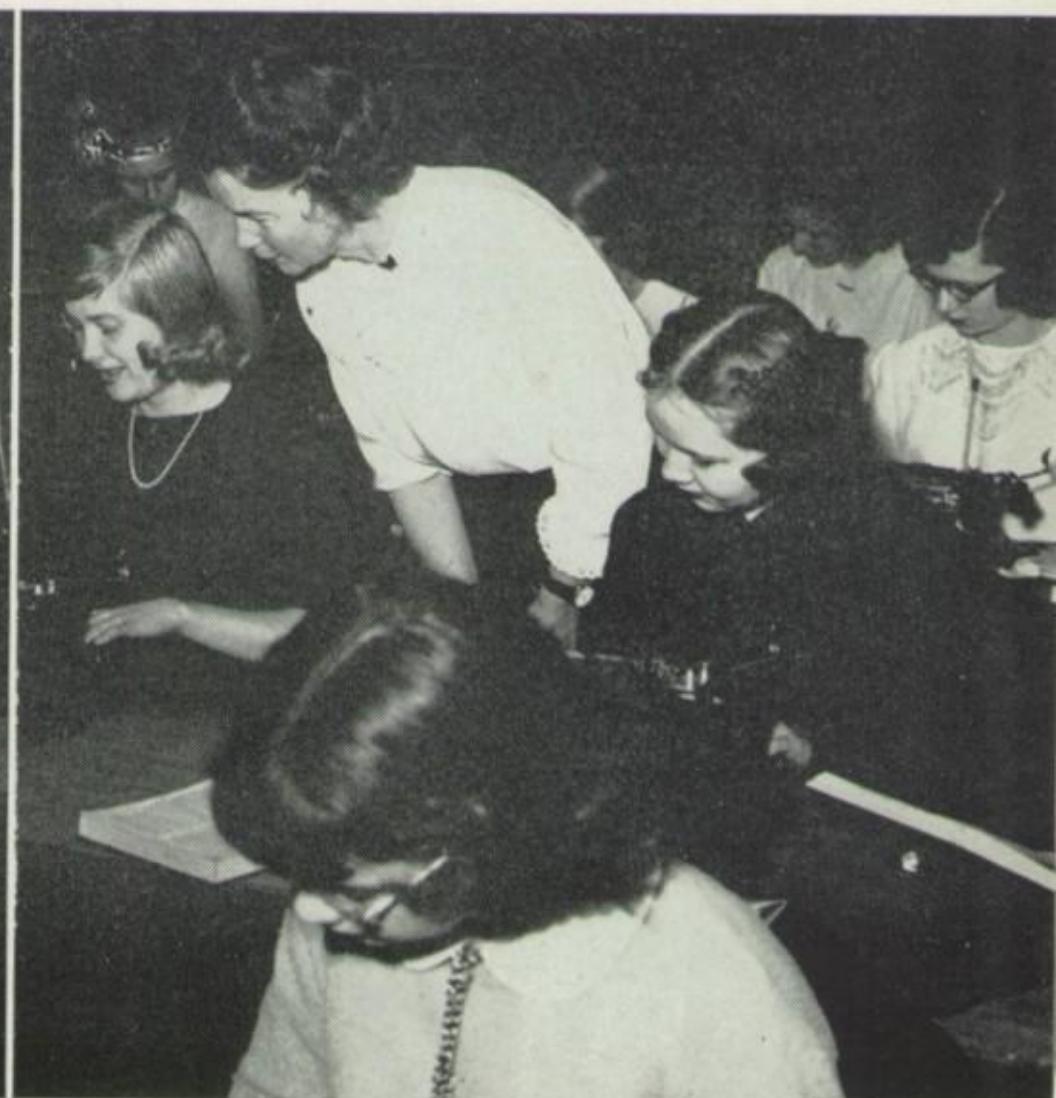

No matter what the season be, spring, summer, autumn or winter, the lessons learned in the Industrial Arts Department are always valuable in a young man's life. After working with metal, wood, or in mechanical drawing classes, a skill is created in the art of handling tools, materials and machines. Throughout the years, the industrial art student knows, appreciates and better understands the functions of industrial life.

## INDUSTRIAL ARTS DEPARTMENT — Mr. Bell

## COMMERCIAL DEPARTMENT — Miss Hansen

At Pulaski, students pursuing a business career achieve their fundamental and basic training through the commercial department. Junior business training, commercial law, salesmanship, accounting and merchandising make up the major part of the business courses offered. These courses include such subjects as shorthand, typing, office practice, bookkeeping and arithmetic. When the courses are completed, students are provided with a background of business knowledge necessary to success in the business world.

The English department has helped many of our students to create a better society by using our language correctly.

To add to the activities of this department, the students have assignments outside of school, which are the theater, radio, drama, and many other things that concern our English language.

Recitation are an assist to the students, for this prepares them to have more self control before an audience.

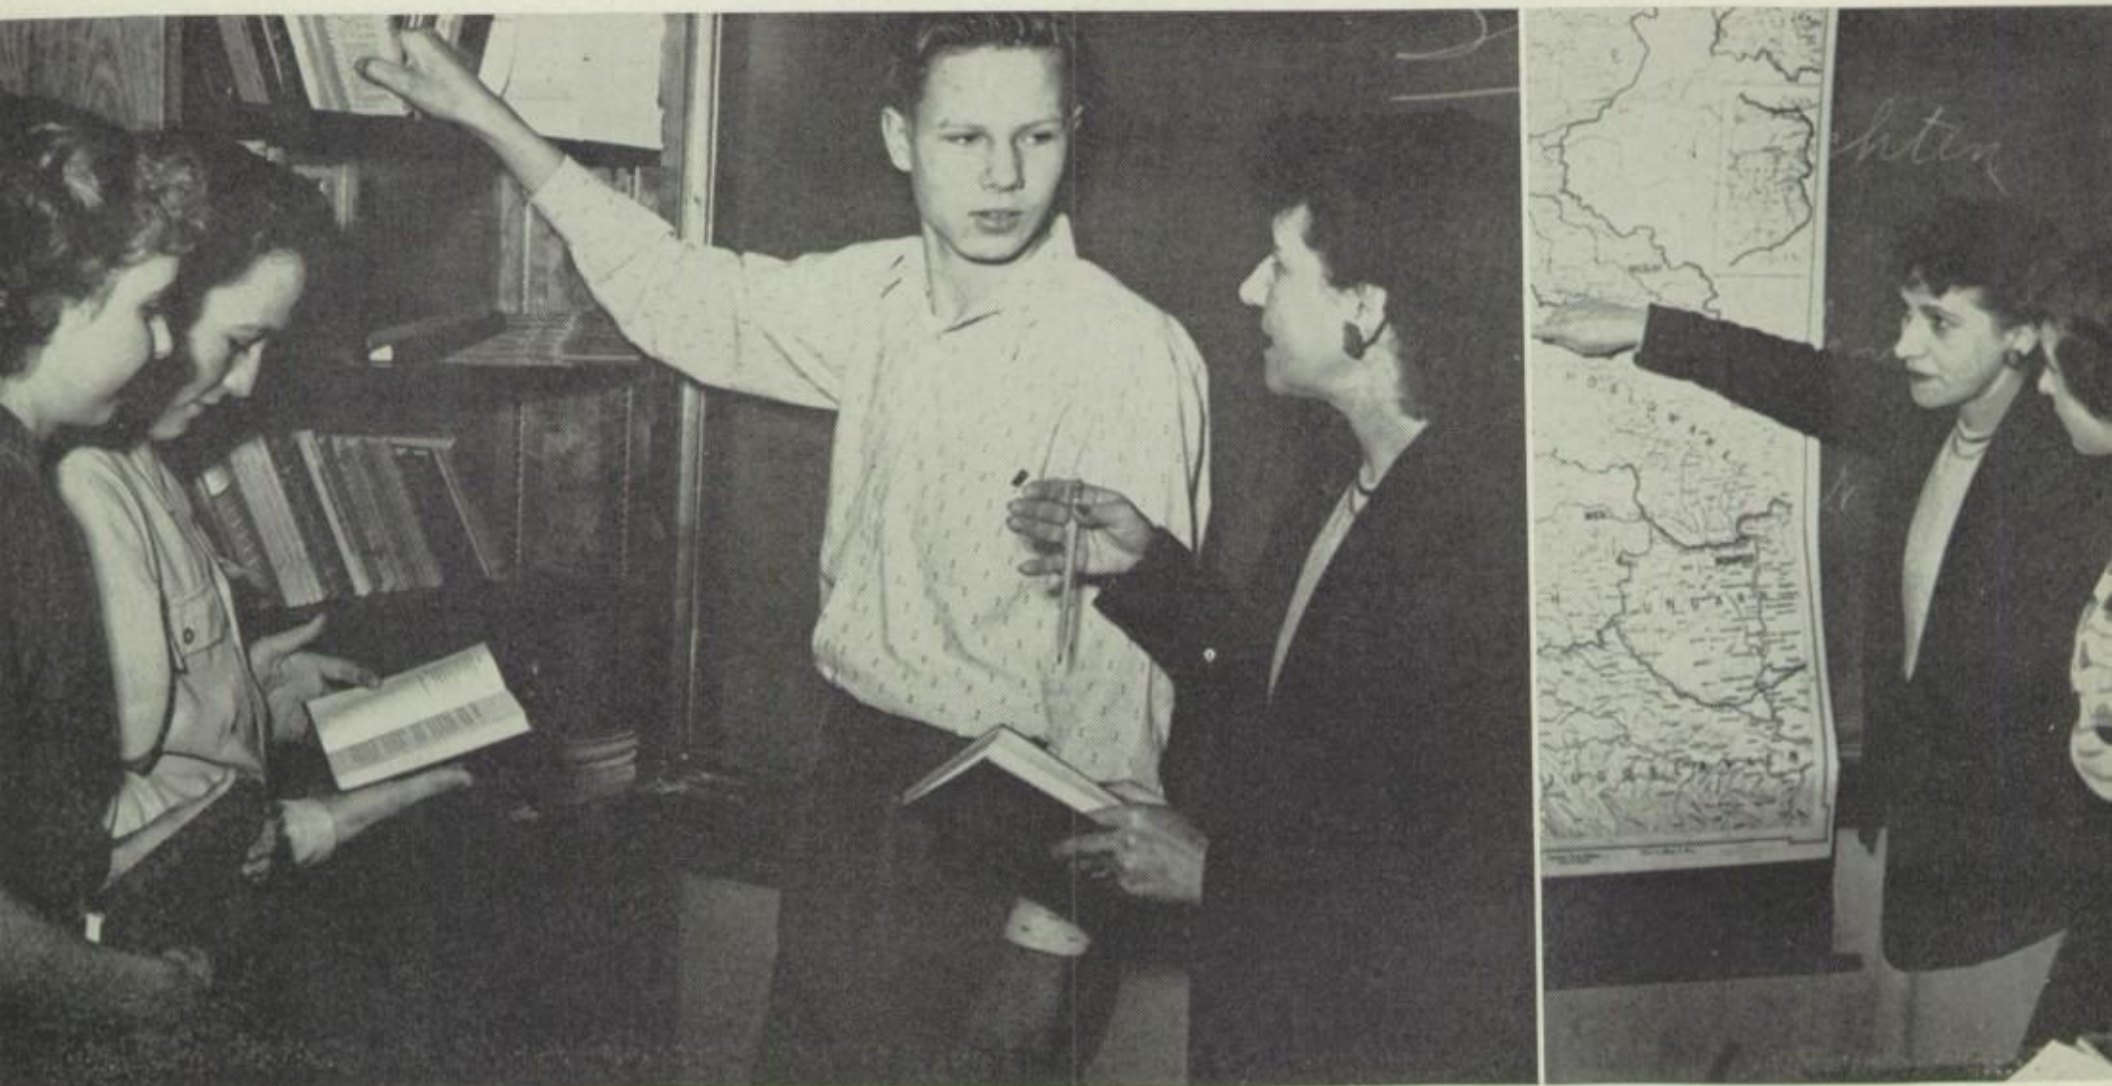

Some of the English classes have stressed journalistic writing to add to future interests in Journalism and appreciation of the various journalistic fields.

## THE ENGLISH DEPARTMENT — Miss Doring

## FOREIGN LANGUAGE DEPARTMENT — Miss Hettwer

The Foreign Language Department offers wonderful opportunities to students choosing a foreign language as part of their future life's work. The individual has a choice of five languages — French, German, Latin, Polish or Spanish — which he may pursue for two, three, or four years. All classes emphasize the direct everyday use of the language in the first two years and the study of the literature and fine arts in the last two years.

Pulaski's Home Economics Department is designed to inform and train the home-maker of tomorrow. Accordingly, the subjects, Clothing, Foods and Family Living, are offered to students from 9B to 12A to acquaint them with family living problems and to teach them how to manage their own homes. Preparing meals, making garments, studying child care, and money management are included in the Home Economic courses.

## HOME ECONOMICS DEPARTMENT — Miss Mohr

# MATHEMATICS DEPARTMENT—Miss Mannix

High school students, earnestly considering their future vocations, are now forced to realize the need for a thorough understanding of mathematical principles. With the rapid technological improvements in recent years and the fast coming new inventions, math is something any one may encounter whether he is planning to be an engineer, laborer, secretary or housewife. Pulaski's Mathematics Department is doing a splendid job in preparing students for those future days.

One of the most popular departments in school, the music department, is composed of these groups: band, orchestra, choir and glee clubs.

The orchestra, under the direction of Mr. Edward Zielinski, plays at formal occasions, such as the class play and graduation exercises. The band, under the direction of Mr. Melvin Hillier, has won its popularity by playing at football games, rallies, and auditorium programs. The choir, under the direction of Mr. Alfred Niefer, performs for the Spring Concert and fulfills engagements outside of school. The glee clubs participate at the Spring Concert and also help entertain the community when called upon.

# MUSIC DEPARTMENT — Mr. Niefer

## SCIENCE DEPARTMENT—Mr. Merbach

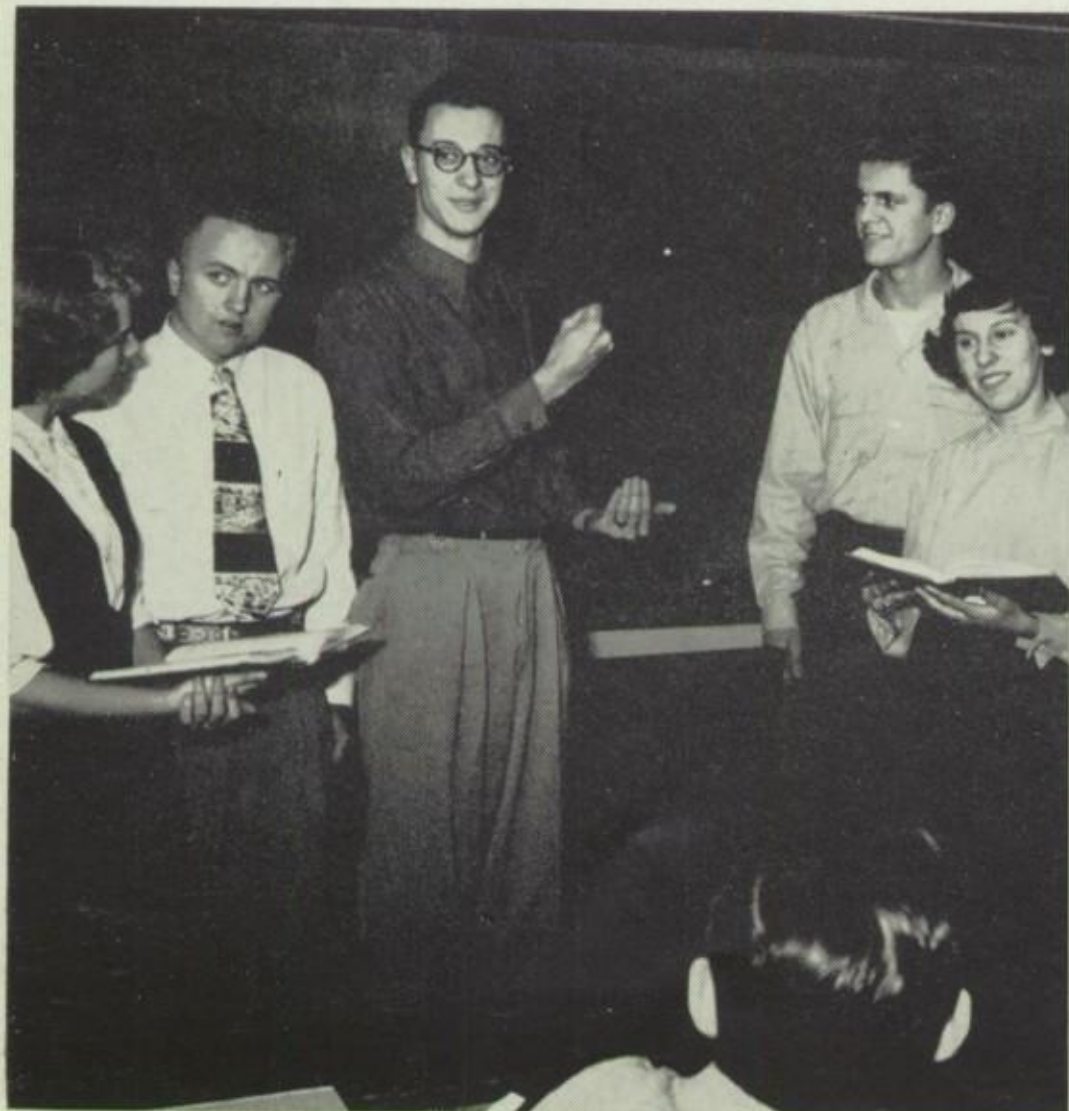

The Science Department occupies the southwest corner of the building. It covers both the first and ground floors. There are nine science rooms and two dark rooms. The equipment used at Pulaski is as fine as any in the city.

In 1933, when Pulaski opened, there were only twenty-six pupils taking science. Today about one-half of our two thousand students are taking some form of science.

Season after season, life goes on and it is the work of the Social Science Department to teach pupils more about that life.

In the various history courses, students learn the ideals of freedom of our own and "neighboring" countries. New students become better acquainted with Pulaski and "older" upper classmen learn the art of better living after they leave school through the social living subjects.

## SOCIAL SCIENCE DEPARTMENT—Mrs. Aldrich

## STUDENT COUNCIL OFFICERS AND COMMITTEE

The officers-elect of the student Service Council for the year were as follows: President—Frank Marciniak, Vice President—Robert Costin, and Secretary-Treasurer—Louis Spycalla. The Council's main project for this year was honor study halls. After studying the study hall systems of other schools for three semesters, Pulaski has organized one of its own.

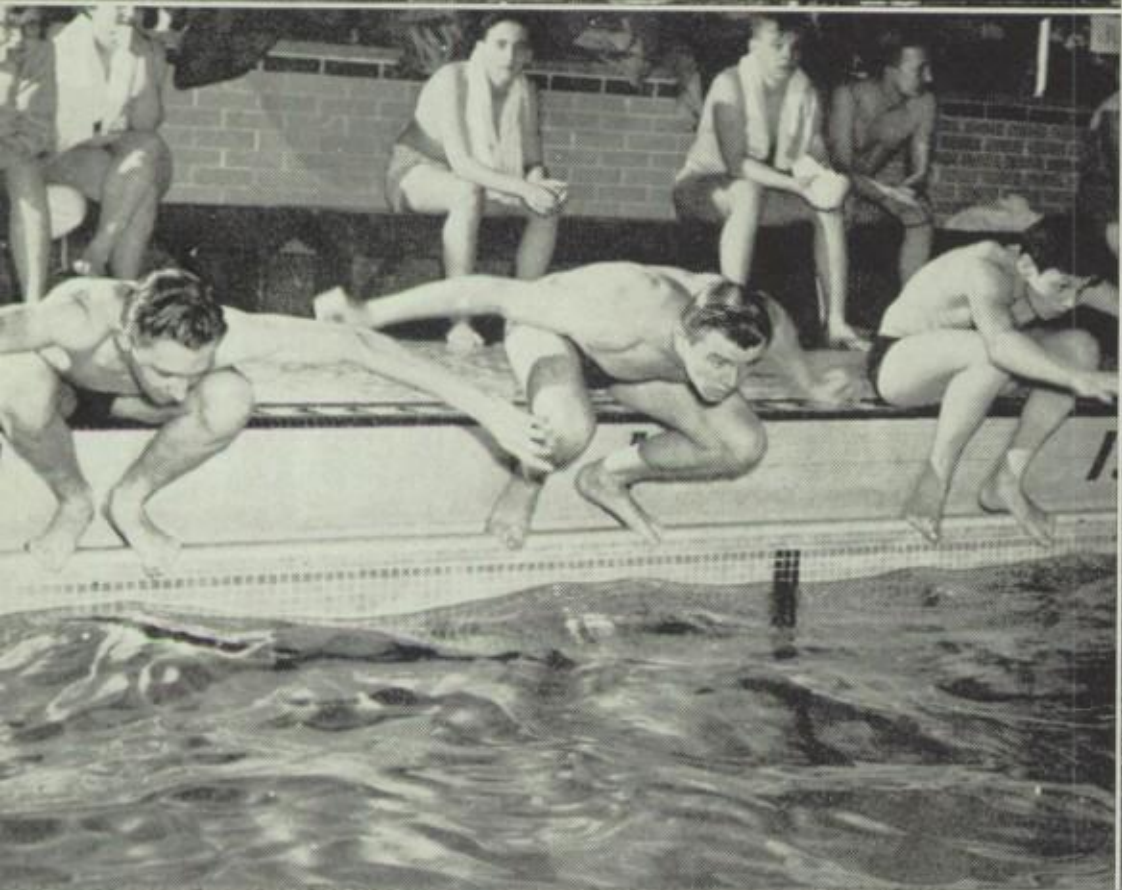

The aim of the Honor Study Hall is to prove that the students of Pulaski can study without teacher supervision. A chairman is in charge each hour to take care of attendance and minor matters which may arise.

The study halls are under the direction of the Student Service Council. The members of the Honor Study Hall Committee who worked with Miss Manion on their method of operation were: Chairman—Tom Draws, Bob Costin, Lois Seroczynski, Robert Schmidt, Lorraine Plichta, and Gerald Hintz.

## SWIMMING

Defending State Champions Wauwatosa retained the state title only after a hard won battle with the Ramblers. Wauwatosa nosed out the local mermen by a slim margin of 42 to 38.

It was a nip and tuck race between Pulaski and Wauwatosa, and the outcome was not decided upon until after the last two relays. Both were won by the suburban champs.

There were Pulaski contestants in all the final events except the 100 yard breast stroke and 75 yard individual relay. Jerry Liss, who placed third in the city meet, was narrowly nosed out in the 100 yard breast stroke. Bob Kotlan was the pace setter by placing fifth in the 50 yard free style and second in the 100 yard free style.

It was a thrilling race in the 200 yard free style between Bob Brunelle and Frank Marciniak. The winner was not decided upon until the last 10 yards. Then Brunelle's final burst of speed made him victor. His time was 2:13.6.

Don Grisinger, lanky merman, placed second in the 100 yard backstroke with a time of 1:07.9. Even though there was stiff competition, Ray Stankowski placed third in diving.

It was a tough battle, but next year the outcome will be different.

Another City Title was easily won by our mermen. An outstanding score of 70 points was credited to the Ramblers. Boys Tech was second with 26 points.

Bob Kotlan was a double winner in the 50 and 100 yard free style in the times of 25.6 and 58.2. A first place in the 200 yard free style by Frank Marciniak in 2:13 broke the old school

record of 2:13.9. The Ramblers continued their sweep by capturing another first and second in the 100 yard backstroke. Don Grisinger finished with 1:07.9 with Ray Krajewski immediately behind him. In the 75 yard Medley, Bob Schweiger placed fourth.

Lithe diver Ray Stankowski spiraled to a second place, while Bob Nowak won fifth place.

The old city record of 1:29.1 in the 150 yard medley relay was smashed by Don Grisinger, Jerry Liss and Ralph Bogacki with a time of 1:27.6.

The 200 yard free style relay also was added to the Ramblers score. The champs in this relay were Ray Krajewski, Frank Marciniak, Frank Woida, and Bob Brunelle, who splashed home in 1:46.5.

## BASKETBALL

With the nucleus of three returning major lettermen, Neil Worden, Don Molenda, and Jack Kosmatka, Coach Olen was faced with the prospect of rebuilding a team for the 1949-50 cage campaign.

In pre-season non-conference games the Ramblers were defeated by Racine, St. Catherine, and Notre Dame of the Catholic Conference, and West Milwaukee of the Suburban League.

In the first conference game the Ramblers defeated Juneau by the score of 47-42. It was a nip and tuck battle until the fourth quarter when an eleven point splurge by the locals decided the contest. The Boys' Tech Trojans were victim number two. After the smoke cleared, the Ramblers emerged with a 58-51 victory. In the third game, the Red and Blue cagers breezed by Bay View with the lop-sided score of 48-22. After the first few minutes the game was never in doubt.

In the last game before the Christmas vacation the team notched a victory in a non-conference encounter with Don Bosco by a score of 51-46. East Division bowed next to the high-flying Ramblers 47-35. Although leading at the half 25-25, East was held to 10 points in the last two periods while the Ramblers pulled away to their fourth triumph in conference games.

Pulaski suffered its first defeat of the season when the Red and Blue lost to North on the South Division court. Coach Olen's

cagers, unable to work their fast break on the small court, tried unsuccessfully to match North's long range shooting. North took a slim lead in the third quarter and after several long shots in succession at the outset of the last period put them in the lead, and the Ramblers never overtook them; the final score was 56-43.

The next week the team bounced back after its first defeat and gave Rufus King a thorough going over by a score of 69-37. In this game Pulaski rang up the highest score of the season.

Returning home, the Olen men raked over Custer. This was Neil Worden and Jack Kosmatka's last game. Jack tagged off 17 points to lead the team in scoring.

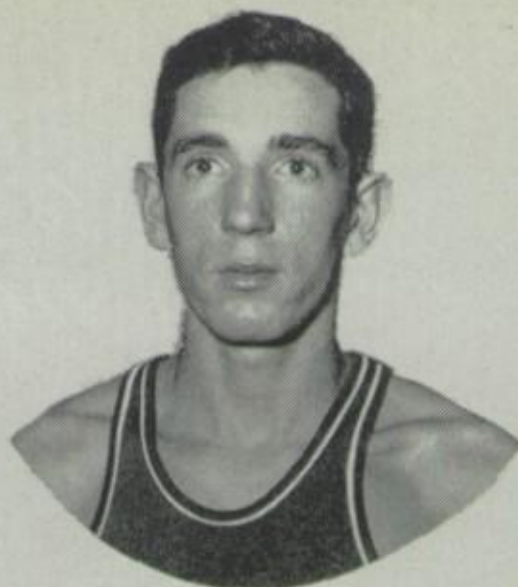

Mid-semester graduation struck a heavy blow to Coach Wally Olen's basketeers. With the loss of guard Neil Worden and forward Jack Kosmatka, most of the worry fell on Don Molenda, Russ Wittberger, and Larry Wianecki's shoulders.

Washington rallied and nipped the revamped Rambler combination in the waning minutes of the next game. South was defeated, but a red hot West team, which eventually won the season and tournament championship, barely nosed out the Olenmen. Don Molenda then suffered a recurrence of a football injury and was lost for the remainder of the season. Lincoln licked the Ramblers to tie for a playoff berth. However, Pulaski came back and turned the tables on the Comets, 36-35, only to be eliminated by West in the next game.

## FRESHMAN – SOPHOMORE BASKETBALL TEAM

The Freshman-Sophomore team started their season off in great style by chalking up four games in succession. In the first conference game, Juneau bowed to the Red and Blue 34-27. The locals defeated Boys' Tech 34-27 in a tight defensive battle. The score at the half was 24 to 24. In their third conference meet our cagers defeated Bay View by 21 to 12. At half the score was tied but our Junior Ramblers didn't yield another point to the Bays and took nine for themselves. By defeating East Division 22-17 our boys extended their winning streak to four straight. Pulaski's Freshman-Sophomore basketball team suffered its first conference setback when they were defeated by North Division 44-29. The Ramblers shooting wasn't up to par and the Blue and White soon set up a margin between the two scores. Chalking up their fifth victory in six starts,

Pulaski's Fresh-Soph won an impressive victory over King by a score of 30-22. West's sharp-shooting Redmen were never behind as they rolled to a 38 to 22 victory over a cold Pulaski quintet. But to show they had the stuff it takes our Junior Ramblers came from behind in the closing minutes of thrilling see-saw battle to overpower South by a close score of 35-32. The greenies say it was one of their toughest games. Pulaski's Junior Ramblers topped the Washington Purgolds cold by the score of 58-33, and shortly after bowled over Custer by the tune of 27-23. Bob Serbiak, playing his last game for Fresh-Soph, made a great performance. Coach Ken Steffen's cagers finished second in the city conference. The Greenies had a conference record of eight wins, three defeats and a season standing of 12 victories and four setbacks.

## CHRISTMAS PROGRAM

"The Christmas Story" was the title of Pulaski's 1949 Christmas program in which 500 students participated. Under the direction of Mr. Melvin Hillier, the Senior Band, a Cappella Choir, Mixed Chorus, Advanced Girls' Chorus and the Boys' and Girls' Glee Club displayed their talents. The narration was built around the Bible story. One of the highlights of the program was the processional in which all of the musical groups participated.

Accomplishment — an outstanding word which may be used as the keynote in a theme on Pulaski's Student Service Council activities.

Leading the list of Council achievements are the Honor Study Halls, tryouts for the student public address announcers, pep rallies, especially the Homecoming rally, and numerous dances both after basketball games and special occasions such as Christmas and Halloween. Some other achievements are the Community Fund and March of Dimes collections and distribution of Thanksgiving baskets to the needy people in Pulaski's district.

Those are the highlights of an organization which is certainly fulfilling its purpose — to promote the best interests of Pulaski High School.

#### FRESHMAN —

Remember the time we were looking for 212 in the basement and dropped in on the janitor. Or the time we were mangled when we went up the DOWN stairs and down the UP stairs?

Every noon hour we saw programs no matter what it was, never ventured out for so much as a drink at the bubbler without a pass.

#### SOPHOMORES —

Remember the September we came back to school and we were no longer lowly Freshies. Or the time we were startled to hear the first P. A. announcement. The library and special help slips were put to good use by us also. The way we were bowled over rushing for a table near our football heroes — battle scars to prove it.

#### JUNIORS —

There was a time when we looked down on lower classmen, were more cocky than the seniors. We were more interested in the after game parties than in the football games. Went to the Senior prom, and stayed out until morning. Between 8:30 and 3:10 we did little homework, day dreamed in class and gossiped at our monitor post.

#### SENIORS —

There was a time when we didn't enter homeroom for weeks because of our activities and senior meetings, we made our future plans, and elected a King and Queen for OUR prom. We found new ways of cutting classes, rode the elevators, did everything we weren't supposed to do without getting caught. And best of all we, the the class of January 1950, had extra tickets for the graduation exercise.

## JANUARY SENIOR TALENT SHOW

The Senior Talent Show is one event which every graduating class looks forward to. The show of the January '50 graduating class was an entertaining presentation that will be remembered for a long time by the students of Pulaski High. The acts included singing, impersonations, and humorous skits.

The Senior Banquet is the last time the entire graduating class has a chance to get together before graduation. At the banquet, a delicious meal is served and some very good entertainment is provided. The highlights of the evening are the presenting of gifts to the class sponsors, and speeches by Mr. Westgaard, our principal, various teachers and the class officers. After the banquet, the seniors danced to the music of Bobbie Ray and his orchestra in the gym.

## JANUARY SENIOR BANQUET

Ralph Kloehe

If you are walking on the ground floor and should happen to hear a buzzing sound, it will undoubtedly be coming from rooms 10 and 27. Here members of the annual staff are hard at work trying to produce the biggest and best annual in Pulaski's history. While the literary staff is busy with write-ups, the annual staff is also busy with paste-ups and dummies. These busy little bees use all the effort they possess in trying to outdo any of the annuals Pulaski has ever had. Many of their free periods are spent working on the annual. Little do the readers and subscribers realize all the effort and time that is put into this book. Covering football, basketball, track, and other sports, getting all the information on the clubs and other activities, taking pictures, and combining all these items into one big book is only a brief summary of the jobs that have to be done. There are many "little things" that no one seems to notice. They should receive some credit also, because it is evident that without the so-called "little things" there might not be an annual. Credit is really due to all those concerned with the publication of Pulaski's annual.

Students, teachers, copy, proofs, ads and many inky fingers all help produce the Cavalier, Pulaski's monthly newspaper. The question is, who profits by all the hustle and bustle of preparing the paper and by the finished product?

Reporters, by obtaining information from their instructors and fellow pupils, develop accuracy and a sense of relative values. They are guided by staff editors who in turn are aided by the paper's advisor. The first semester Mrs. Betty Weinfurter directed the Cavalier's activities. Mr. John Lyons took over after her departure from Pulaski.

Staff members holding higher positions gain a feeling of responsibility and the advantageous quality of leadership. They obtain a pleasing feeling of satisfaction after seeing the printed pages which they had slaved over for many weeks, come out in an interesting, readable manner.

Students, teachers, the office staff, and even maintenance workers receive, through the paper, interesting news items which are always as up to date as possible. They derive a definite enjoyment from seeing their names in print and that of their friends. "Funny features" and "Clever Cartoons" often get a chuckle from some pleased readers.

Outside the school circle the people who help promote The Cavalier by advertising in it make their gain when the ads bring results.

Thus we can see that since the "profits" outnumber the "losses" it really pays in all ways to produce The Cavalier, Pulaski's center of ideas.

## WRESTLING

Most of the members of the wrestling squad returned again this year to tie for third place in the State Sectional Meet.

Four boys qualified for the State meet, which was held at West Milwaukee High School. They were James Pagenkopf, 105 lb. class, Danny Wollenzein, 95 lb., Francis Zarr, 125 lb., and Joe Kumprey, 180 lb.

The boys' spirits were high before the meet, but after the meet they were slightly lowered. The thought that they

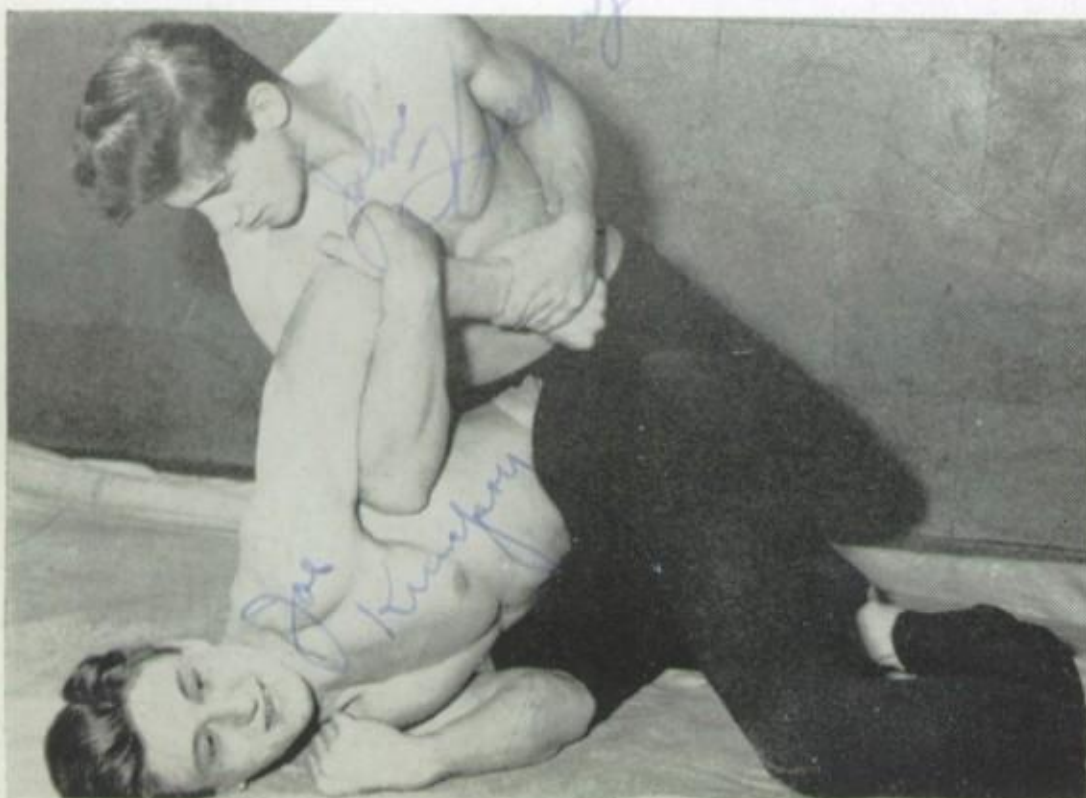

placed higher this year than they did last year helped to raise their spirits somewhat.

Jim Pagenkopf was the only one of the five to emerge victorious, but the rest did qualify for the State tournament.

The team began their season in fine form by defeating Racine Horlick 30-10, but dropped the next to Racine Pack 22-20 which was not decided until the final match. The next meet was won very easily from West Milwaukee matmen 26½-9½. Single winners were Roger Zarr, Wayne Pinkalla, James Szymanski.

The Rambler Matmen lost a hard fought meet to South Division, on January 11, but came back the following day to defeat Zion Bention. The score of the latter meet was 29-5. South Division defeated the Ramblers 29-7, but every match was a close contest. In this meet Dan Wallenzien and James Pagenkopf suffered their first defeat of the season.

Our red and blue matmen breezed by Washington High School by the score of 33-3, when the two met for the first time. Several first string men did not compete in the Racine Park meet, and consequently the Ramblers lost 26-16. Jim Szymanski was handed his first defeat. Coach Henry Litzow's wrestlers defeated Boy's Tech 24-14 and tied Racine Hollick 19-19. The Pulaski Grapplers lost the second meet with South in another close contest.

## GYM TEAM

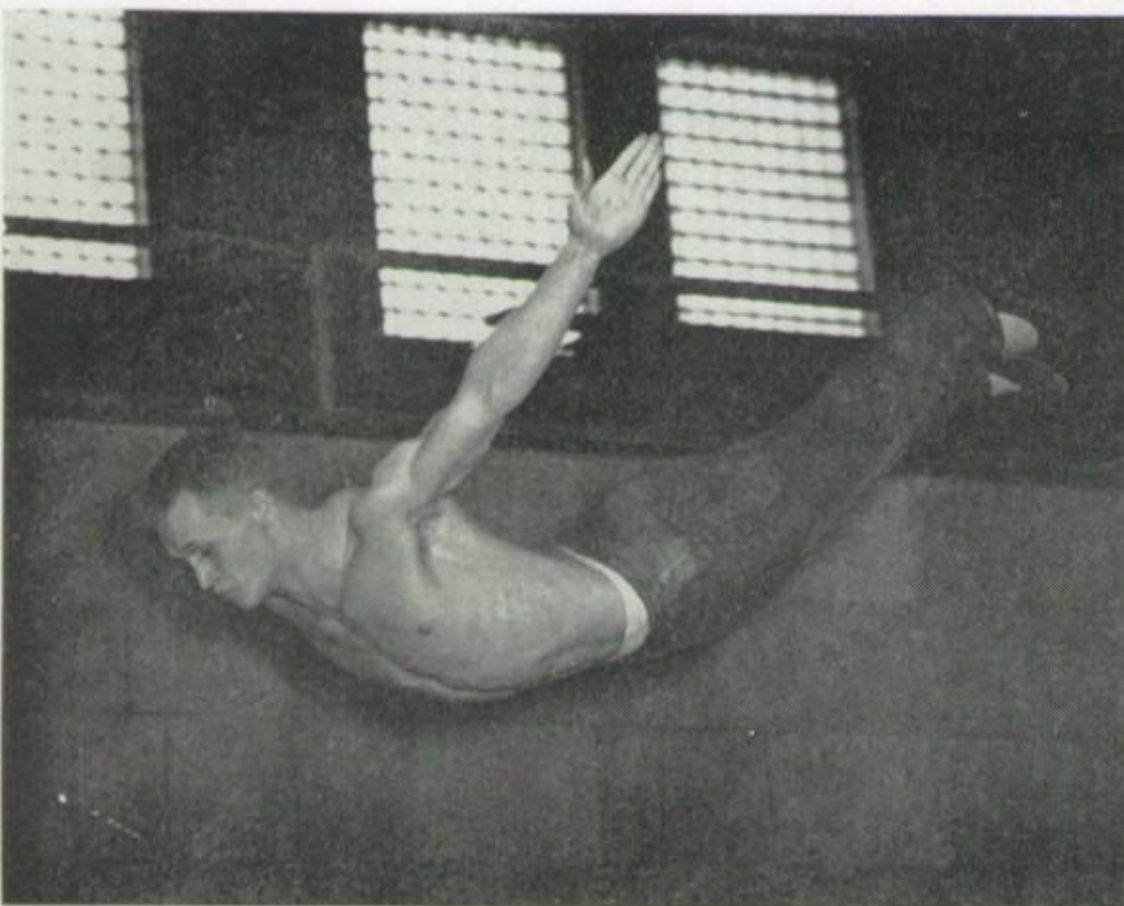

Handicapped by a late start in practice, Pulaski's gym team pushed ahead to fourth place in the city gym meet. In individual competition Roy Johnston took first place with a total of nine hundred and fifty-three points. Herbie Schulz just missed placing in the first ten with a total of eight hundred seventy-five points. Although the frosh-soph put on a good show, no boys were able to place.

The gym meets are composed of ten exercises that the contestants are required to perform. They are marked on a

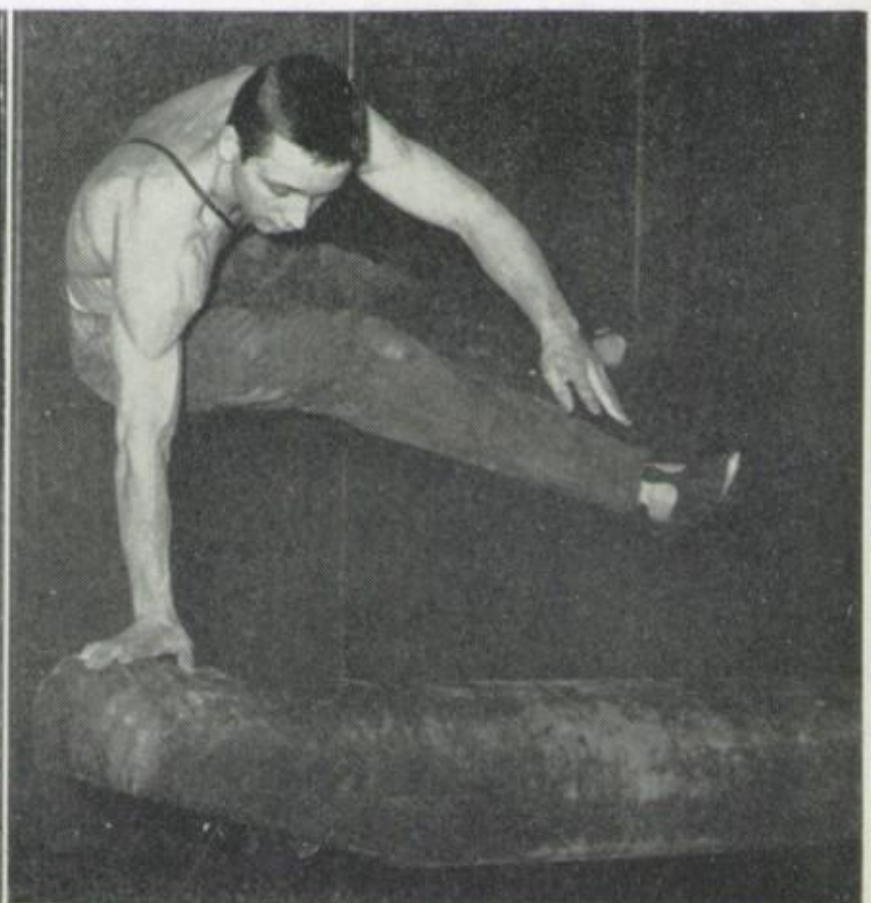

basis of one to one hundred and are judged on form and continuity of exercises.

The active team is made up of eight seniors and five frosh-sophs. The team practices the fifth hour in the boy's gym. There the boys may be seen executing fly-a-ways, giant swings, hand stands, kip ups, dislocates, and swing rises. These exercises help build muscles and coordination of the body.

## GIRLS' ATHLETIC ASSOCIATION

"All work and no play makes Jane a dull girl."

Pulaski offers a great club which will develop Jane into a girl with a fine spirit of good sportsmanship. G.A.A. is an organization which helps build healthy bodies and a happy disposition. To Pulaski's "fairer sex" the G.A.A. club is one of the most popular of all, for it enables those girls to act physically as well as mentally. It gives those who are skilled in sports and are not satisfied with regular class activity an outlet for more competition in highly organized groups.

Three divisions comprised this year's G.A.A. club. These were the freshmen, sophomore and junior and senior

groups. Miss Katherine Doepke and Mrs. LaVerne Dougherty, sponsors of the club, arranged tournaments for the various teams in such sports as tennis, basketball, volleyball, softball and badminton. On the last Monday of May awards were presented to the tournament winners.

"Perfume Suite" was the title of a program put on by members of the Girls' Water Ballet, a branch of G.A.A. The choreography and stunts were worked out by the girls themselves under the supervision of Mrs. Dougherty.

Tryouts for those girls considering joining the 1950-1951 Water Ballet group will be held in September.

## BOYS' INTRA-MURALS—Mr. Thurner and Mr. Steffen

During this last school year the Intra-mural Sports Club satisfied the sports ambitions of about 175 freshman and sophomore boys. Through the course of the year the boys play tag-football, basketball, volleyball, and baseball.

The freshman group play on Thursdays and Fridays, while the sophomores play Mondays and Tuesdays.

Each group is divided into teams, and as they play through the rounds of different sports, they receive points according to their standings. At the year's end the boys on the team with the most points receive intra-mural emblems. Intra-murals is well worth joining, for the boys learn good sportsmanship and teamwork along with all their fun.

# SENIOR AND JUNIOR BANDS

From the beginning of the year, through the football season to the Spring Concert, the Senior Band is a much sought organization. They participate in pep rallies, civic parades and special programs. Under the direction of Melvin Hillier, the band has provided good entertainment. The band's part in the Spring Concert was presented in true Hillier fashion of mixing Sousa marches with classical overtures and adding the proper proportions of popular and novelty arrangements.

It is in the Junior Band that young musicians get the ground work for Senior Band. They learn to interpret the director's signals.

The Junior Band affords training for those who wish to play an instrument and eventually get into Senior Band. They learn to play their instruments during class time and Saturday lessons.

# SENIOR AND JUNIOR ORCHESTRAS

Two prominent musical groups at Pulaski are the Junior Orchestra and the Senior Orchestra. Mr. Niefer directs the Junior Orchestra, which is made up of beginners who have the desire and ability to play a musical instrument. The Junior Orchestra is a stepping stone to the Senior Orchestra. This group is composed of advanced students who have had more practice in playing in groups. Led by Mr. Zielinski, they provide the musical background for such functions as the Class Play and the Commencement Exercises, and themselves are the stars of the Spring Concert. When thinking back on our memories of school years, we shall always remember the many happy hours of musical entertainment they have provided for us.

## A CAPPELLA CHOIR

MR. ALFRED NIEFER

Hark to the sound of the voices — the voices from 101. Those sweet tones you hear filling the air around room 101 are those of the members of the A Cappella Choir. Upon looking into the room, one will see Mr. Niefer patiently directing a group of placid looking young people in song. The results of his efforts are plainly seen in the Christmas Programs, Thanksgiving Programs and the Spring Concert. Pulaski can be proud of having such a splendid musical group among its student body.

## BOYS' GLEE CLUB

MR. MELVIN HILLIER

The Boys' Glee Club is composed of approximately 52 fellows and serves as a stepping stone to the a Cappella Choir. Under the direction of Mr. Hillier, the boys receive the valuable music training so essential in a Cappella singing. The club plays an important part in the Spring Concert along with other appearances throughout the year. You have only to sit back and listen to their rendition of *Battle Hymn of the Republic*, of the more humorous *Daniel*, *The Spaniel*, and enjoy their singing.

## GIRLS' GLEE CLUB

MR. MELVIN HILLIER

Once again Mr. Hillier has developed an outstanding chorus of all girls' voices which can produce music equal to that of any professional group. The Girls' Glee Club is one of the largest singing groups in the school, consisting of about two hundred girls. For this group the big event of the year is appearing in the Spring Concert, at which time they wear formal attire of pastel shades. The Girls' Glee Club is also a stepping stone to the a Cappella choir for those who are interested.

#### JUDGES

## INTERCLASS SWIM MEET

For the third consecutive year, the class of 1950 proved their ability in diving, racing, and relays by winning the eighth annual Interclass Swim Meet. The Seniors compiled a record of 142 points in the two-day tournament. The Juniors placed a distant second with 108; the Freshmen were third with 106½; and the Sophomores placed fourth with 71½ points. In addition

to the competitive events, the Water Ballet Club presented several aquatic selections and the varsity members of the swimming team staged an exhibition of water basketball. Officiating at the meet were 17 "all girl" officials under the supervision of Miss Doepke, Mrs. Dougherty, and Mr. Wielgosz.

First Row: Novak, Payleitner, Jacobe, Hanauer, Kujawa, Kieliszewski, Schmidt, Worley, Szymanski, Pasterski, Beierle, Derse, Kazmierczak, Coach Kezele. Third Row: Grollo, Splinter, Wasielewski, May, Nowaczyk, Krukowski, Kumprey, Heling, Toth, Mackowski, Ulezelski.

## TRACK

Track started in the latter part of February and continued indoors until the first week of April. When the weather cleared, they moved to South Stadium. Returning major lettermen are Joe Kumprey, high jump and weights; Louis Spycalla, broad jumper and 440; and Don Lewandowski, sprinter who placed in both the city and state last year. Although the number of returning veterans was small, help was obtained from last year's minor letter winners, consisting of Ted Kieliszewski, Luke Gabrovic and Martin Ordinans, running distance, and Fred Rieckert at the weights and hurdles. Other boys who look like point winners are: Arnold Heling and Robert Grollo, hurdles; Ralph Babcock and Ray Krajewski, distance, and Leonard Walters and Jerome Szymanski, sprints. Coach Stanley Kezele entered two relay teams in the Milwaukee State Teachers College Relay Carnival. One team composed of

Lewandowski, Schmidt, Szymanski and Kieliszewski placed fifth in a 17 team field.

## BASEBALL—CITY CHAMPS

Last year was the beginning of a new sport for Pulaski. Under the direction of Mr. Alfred Thurner, a city championship baseball team was organized. Though the boys had no official uniforms, they wore their blue caps proudly. The boys' long

hours of practice, and Mr. Thurner's patience were rewarded at the end of the season, with a baseball trophy. This year the boys are striving for the same winning goal.

First Row: Sheldon, Dixon, Paradowski, Sobczak, Vigue, Woida. Second Row: Davis, Groth, Gradinjan, Young, Gruettner, Dallman. Third Row: Mazos, Klase, Lembach, Thoms, Wielicki, Otto, Coach Thurner.

## TENNIS

Highly successful seasons were enjoyed by the Rambler tennis and golf teams. The golfers, under the direction of Mr. Max, placed fourth in the city meet, which was won by Washington. The B team won first honors in its class in the all city competition.

Mr. Wielgosz was in charge of the tennis squad, which held its own against all tough opposition and finished third in the City League. Outstanding in the netmen's play was Dennis Donarski's record of going through the season undefeated.

## MAY BOWL

Hundreds of starry-eyed couples danced to the dreamy music of Ray Block at the "May Bowl" Junior Prom.

Groups in charge of refreshments, music, programming, publicity, entertainment, and decorations all worked together and were successful in their efforts to make the "May Bowl" one of the best proms in Pulaski's history.

The gym walls were decorated with various bowls such as the orange bowl, rose bowl, and sugar bowl. In the middle of the floor, was an arch of roses which led to the beautifully decorated May Bowl where King Harry Wesolowski and Queen Mary Klechowicz were crowned.

Prom-going Pulaskians will never forget the wonderful time they had at the prom dancing to the soft music, sipping the delicious refreshments and watching the grand march led by the king and queen and the members of their court, Gene Chrostowski and Virginia Budzak, Arthur Ennis and Marilyn Meyer, Edward Wisinski and Joyce Philipp, Stanley Stawicki and Camille Pluskota, Robert Grollo and Diane Dziedzic, James Pasterski and Patricia Allen, Louis Spycalla and Mary Ann Streczynski, Lon Nichols and Carol Franke, and Ronald Gawelski and Theresa Kemnitz.

## ELMER

With mother away and Elmer safely tucked in camp, the Collier twins decide to have a formal dinner party. It is a big event, and as they proceed with their preparations they are thrilled with the prospect of not having Elmer around to upset their smoothly planned schedule. But that little darling can't be kept in any one place for any length of time, and no sooner have they expressed their joy at his absence than in he pops. Social life has no appeal for Elmer, and girls — well, they're just taboo! It's the great outdoors that attracts our young hero, that is, until a sweet young thing by the name of Millicent Carr walks into the picture. And Millicent seems to know just the right thing to say and when to say it. The lovebug gets Elmer but good!

# THE INN OF RETURN

By Don C. Jones

## THE INN OF RETURN

The Wayside Inn of New England is surrounded by the legend that at no time in the history of the inn has a guest failed to return for at least a second visit.

Of the six guests in the hotel two years ago, only five can and do return. The sixth was innocently killed by the police in connection with a jewel robbery. That means, if the legend is to bear itself out, his ghost will have to return.

A sudden storm on the second anniversary of the murder causes four of the guests to stop at the inn. The remaining two still to return, an actor and the ghost, bring the play to a swift climax.

Remember our freshman year when we were green, bewildered, and afraid? We used our assignment notebooks daily; teachers and upper classmen scared us; we not only knew the school rules, we obeyed them; wrestled with the padlocks; hurried to classes only to sit and wait for the tardy bell; and we almost beat the seniors in the inter-class meet.

Remember our sophomore year when we were smart and cocky? We faithfully attended all school activities; had biology just before lunch, and lost weight that year; complained that Group 2 had more auditorium programs than we did; we began to think about the proms, and hoped we might be lucky enough to be invited; looked forward to being upper classmen; and won our first inter-class swim meet.

Remember our junior year when we were wild and big time? We began to eat lunch at our monitor post and had our

first ride in the elevator; we did the least homework although we got the most; we attended our prom and stayed out to see the sunrise; we cheered extra hard at the football games because the boy in English class was on the team; and our dreams were finally realized—we got a student service council all of our very own. Won the inter-class meet again.

Remember our senior year when we were serious, self confident, and proud. We walked around the halls without a pass, and those plans that four years ago seemed so far away; the unbelievable happened, we won our first city football championship; we had the famous quarrel about white or blue gowns; won the inter-class meet for the third straight year; and best of all, we graduated!

## THE OFFICE

Pulaski's office has always been known for its cheerful and courteous service.

Miss Marion Erickson, Miss Elizabeth Kagel, and Miss Jeanne Pozorski are the persons who have helped to give it this fine reputation. They are aided by a competent staff of student monitors.

In harmony with the main office there are many branches which make Pulaski's office the model it is today. The attendance office combined with the main office keeps state, school, and scholastic records. It is the nucleus around which school activity is organized.

All you like of the best in knowledge

## LIBRARY—Miss Harriet Windau

The success and function of Pulaski's library is due to the competent supervision of Miss Windau. The friendly and courteous monitors aid Pulaskians in the use of the library. In addition to the countless number of new books added to the collection, there has been a special attraction. Students may come in the library during their free period and listen to records. Students may satisfy their curiosity by both reading and listening pleasure. The excellent billboard displays have also been a credit to our fine library.

The Cafeteria is one of the most cheerful places at our high school. During the fourth and fifth hours it is the meeting place for the students.

Students, at a small price, have the privilege of picking out a plate dinner. The selection is made from the variety of dishes set before them.

At the convenience of the students they may make purchases of sandwiches, milk, ice cream or candy.

After enjoying a pleasant session eating and talking, there is a familiar sound in your ears. What is it? The buzzer, for you to go to your next hour class, after a pleasant lunch hour!

## CAFETERIA—Mrs. V. Goessl

## STAGE CREW — Mr. Leonard Schmidt

Unseen, but indispensable are these members of the stage crew. They play an important, but often unsung part in the success of a production.

The curtain rings down and the Spring Concert or Class Play is over — but not for the backstage boys. There are still lights to be fixed, items to be stored, and the stage to be swept. For them the finish of a production only means that half of their job is done.

Pulaski can always depend on these boys for a smooth running, precisely executed program.

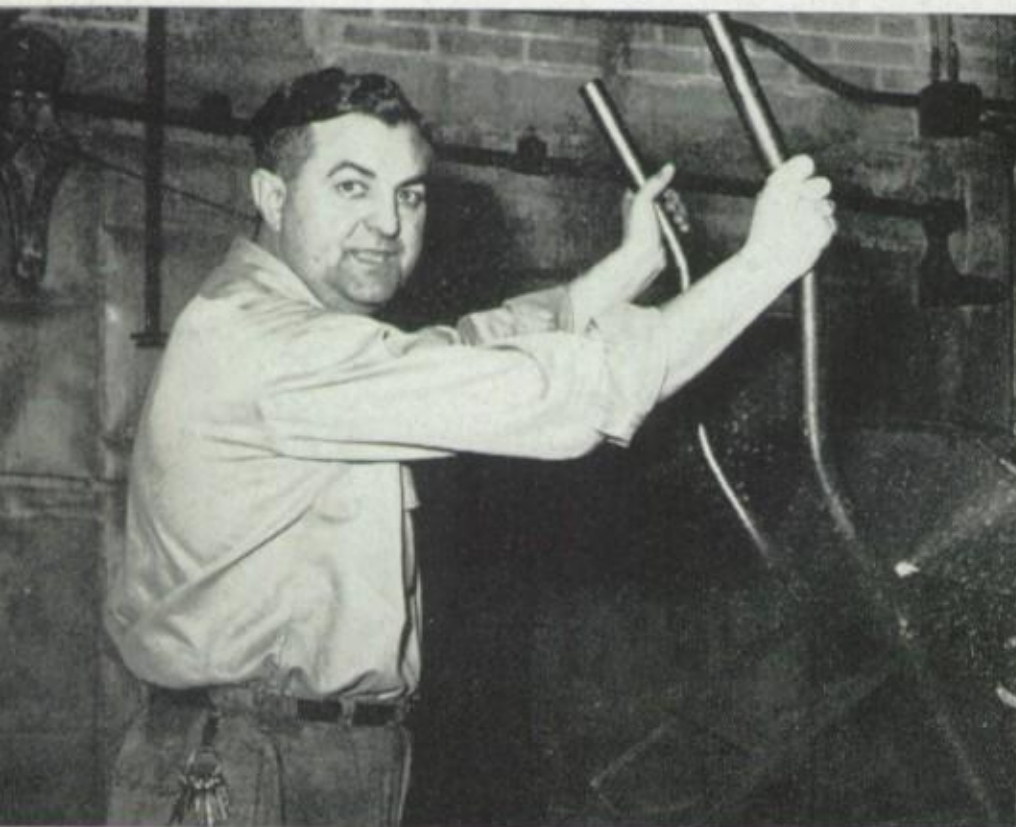

Back Row — Walter S. Bauch, Albert Gehrke, Anthony Winiarski, Milton Awe, Charles Swick  
Front Row — Martha Czubk, Bessie Borkowicz, Agnes Kuchorski, Helen Banaszak, Mary Knapp, Nellie Krueger

## MAINTENANCE DEPARTMENT — Mr. Walter Bauch

The students of Pulaski High School are thankful that they have a group of hard workers to keep our school looking spic and span. Their fine cooperation in attending after school social doings and seeing that everything is working right is one of the many ways in which they help us. The students of Pulaski say hats off to a fine crew!

# ACKNOWLEDGMENT

Mr. Carl Nowicki was the staff photographer, assisted by the Collins Studio, for the Cavalier Annual. Collins Studio also took the pictures of the graduates. The Milwaukee Journal and the Milwaukee Sentinel contributed several photographs. Photographs were also contributed by Mr. Ronald Neldner.

The Fowle Company did the printing. The engraving was done under the direction of Mr. Roy Stouthamer of the Premier Engraving Company. Bookbinding was done by Book Craft, Inc.

Miss Lois Gaulke designed the cover; Pencil drawings were by Mr. Edward Mecikalski.

Best of luck to  
a girl who makes  
tomorrow lively. I hope  
your future will be  
as lively as you are.
